

## ABOUT THE COMPANY:

Since Brunswick Corporation (NYSE:BC) was founded in 1845, the Company has grown to become a world leader in each of our product categories: propulsion, fitness and boat. Brunswick Corporation is a publicly held company listed on the New York and Chicago stock exchanges, with sales over \$4.1 billion annually. While we are family to 13,000 employees around the world, three divisions in over 30 countries create a local environment. Our global headquarters is located in the Chicago suburb of Lake Forest, IL.

## ABOUT THE DIVISION:

A division of Brunswick Corporation, Mercury Marine is the world's #1 recreational marine-engine maker and marketer by sales volume. Fueled by our passion for the water and our customer's boating experience, we provide the most reliable and intuitive propulsion solutions. We build sterndrive propulsion systems, including inboard and outboard engines under the Mercury MerCruiser, Mercury Racing, Zeus, and other brand names; and marine parts and accessories under brands like Quicksilver and Kellogg Marine Supply. Mercury Marine operates mainly in North America and the Asia/Pacific region.
